

Project update - Proposed intersection improvements on Stacey Street and Greenacre Road, Bankstown

The NSW Government allocated funding to improve the intersection of Stacey Street and Greenacre Road, Bankstown as part of its \$300 million Gateway to the South Pinch Points program to improve traffic flow on Sydney's key southern road corridors by upgrading major intersections.

Roads and Maritime Services notified the community in February 2018 about proposed intersection improvements on Stacey Street and Greenacre Road in Bankstown.

We have considered all feedback and have decided to defer the proposed intersection improvements on Stacey Street and Greenacre Road. We will be prioritising the investigation of the Stacey Street corridor to inform the design of future corridor improvements.

The prioritised improvement on the Stacey Street corridor will help increase safety, reduce travel times and ease congestion for road users who travel along the corridor every day.

Roads and Maritime will continue to monitor the intersection of Stacy Street and Greenacre Road and include the intersection in any future investigations to improve the Stacey Street corridor.

We thank everyone who contacted Roads and Maritime for taking time to provide their feedback.

Next steps

Key matters raised by stakeholders and the community will be considered as part of future investigations to improve the Stacey Street corridor.

We will continue to keep the community informed of the project progress in their area.

Contact

If you have any questions, please contact our Project Manager, Ken Lui, on 1800 572 114 or G2S@rms.nsw.gov.au.
