

Airport North Precinct work: April 2020

The NSW Government is upgrading roads north of Sydney’s Kingsford Smith Airport to improve traffic flow and connections to and from the Airport and Port Botany.

Although we are all facing unprecedented times with the spread of Covid-19, we will continue to work towards completing the O’Riordan Street upgrade. The priority for this month is to lay a new road surface on the eastern side of O’Riordan Street and Bourke Road and continue with utility work. These activities will require temporary traffic changes, which may affect travel times.

Key work dates for out of standard construction hours in April are:

April 2020

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
29	30	31	1	2	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23	24	25
26	27	28	29	30	1	2

Key

- Night shifts (7:30pm to 5am)
- King Street weekend closure
- 3 No night shifts

We need to temporarily close the King Street (east) and O’Riordan Street intersection to complete asphaltting work across the area from **7:30pm Friday 17 April** to **5am Monday 19 April**. We will be working extended hours on **Saturday 18 April** to achieve this. During this time there will be no access to or from the King Street (east) / O’Riordan Street intersection. Access to King Street over that weekend will be via the Botany Road end, this can be reached from Coward Street, High Street or Robey Street.

General work which will be occurring across April 2020 are:

- road works including removal of old kerb and guttering, potholing, milling, saw cutting, preparing the subgrade, asphaltting and concrete pouring.
- utility investigations and installations, cutovers, installing light poles and traffic signals, drainage work removing electrical poles and relocating services on O’Riordan Street and side streets.
- installing environmental controls for excavation and material removal along O’Riordan Street
- use of site compounds at 166 and 200 O’Riordan Street for delivery and removal of equipment and materials
- traffic management and roadwork including temporary traffic changes along O’Riordan Street and ongoing pedestrian detours.

Standard construction hours for the **Airport North project** are from **7am to 6pm, Monday to Friday** and **8am to 1pm** on **Saturday**, excluding public holidays. Our night working hours are **7:30pm to 5am** and **extended hours on Saturday** are from **1pm to 8pm**.

There may be some noise, dust, vibration and disruption associated with this work. Machinery and equipment used may include trucks, excavators, paving machines, rollers, lighting towers, road saws, plate compactors, vacuum trucks, grinders, cranes, elevated work platforms, chainsaws, mulching machines, light vehicles, hand tools, concrete trucks and equipment. We will continue to make every effort to minimise the impacts to the local community.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

If you have any questions about the work on either project, please contact our delivery partner, John Holland Group on **1300 862 844** or comms.airportprecinct@jhg.com.au.
