

# Airport North Precinct work: July 2020

The NSW Government is upgrading roads north of Sydney's Kingsford Smith Airport to improve traffic flow and connections to and from the Airport and Port Botany.

The priority for this month is to complete the western side of O'Riordan Street during weekend closures. We completed our first section from Robey Street to Ewan Street at the end of June.

From Friday 3 July we will continue with our weekend closures moving north up O’Riordan Street. There will be temporary traffic changes during each weekend. Please note some stages overlap, requiring multiple weekend closures to complete asphalt work. Please check traffic changes for each weekend closure on the project website as they may affect travel times.

**Out of hours night shifts for July 2020, weather permitting**

General work which will be occurring during July 2020 are:

- use of site compound and work zones including excavation and material removal
- service identification, relocation and cutovers, including utility trenching and drainage work, installing light poles, traffic loops, protection slabs, pit lids and traffic signals
- pavement work including concrete pouring, removal of old kerb and guttering, milling the road, laying and compacting sublayers and asphalt work
- traffic management and roadworks including sign and barrier adjustment, temporary traffic changes and pedestrian detours including the temporary traffic changes along O’Riordan Street

Standard construction hours for the **Airport North project** during COVID-19 are from **7am to 6pm, Monday to Sunday**. Our out of hours working hours are **7:30pm to 5am, Monday to Sunday**. Our working hour for the weekend closures are **7pm Friday to 5am Monday**.

There may be some noise, vibration and disruption associated with this work. Machinery and equipment used may include trucks, excavators, paving machines, rollers, lighting towers, road saws, plate compactors, vacuum trucks, grinders, cranes, elevated work platforms, chainsaws, light vehicles, hand tools, concrete trucks and equipment. We will continue to make every effort to minimise the impacts to the local community.
