

Sydney Harbour Bridge Access Lifts

Fortnightly update from Sunday 9 September 2018

Sydney Harbour Bridge southern lift work includes:

- preparing the area surrounding the lift for landscaping
- fitting out the inside of the lift
- installing steel railing and hand rails around the lift platform
- removing and resurfacing 200m of the pedestrian walkway on the bridge
- heritage wall protection
- service identification and relocation, including trenching and the installation of new cables, drainage and utility pits on Cumberland Street
- installing environmental controls
- delivering construction vehicles and equipment to site
- traffic management to allow for road work, including temporary traffic changes in Cumberland Street between Gloucester and Lower Fort Streets.

Glass on the southern lift on Cumberland Street, The Rocks

Sydney Harbour Bridge norther lift work includes:

- traffic management to allow for road work, including temporary traffic changes along Broughton Street between Burton and Fitzroy Streets.

The northern lift on Broughton Street, Kirribilli

Our standard construction hours are from **7am to 6pm, Monday to Friday and 8am to 1pm on Saturdays**, excluding public holidays.

There may be some noise and disruption associated with this work. Machinery and equipment used may include trucks, excavators, paving machines, rollers, lighting towers, road saws, plate compactors, vacuum trucks, grinders, cranes, elevated work platforms, chainsaws, light vehicles, hand tools, concrete trucks and equipment.

We will continue to make every effort to minimise the impacts to the local community.

If you have any questions about the project, please contact our delivery partner, John Holland Group on **1800 581 595** or gina.kelly@jhg.com.au.
