

Sydney Harbour Bridge Access Lifts

Project Update

September 2018

Sydney Harbour in summer. Photo: Destination NSW

The NSW Government is investing in projects to modernise and improve access to the Sydney Harbour Bridge. Roads and Maritime Services is installing lifts to the Sydney Harbour Bridge pedestrian walkway to ensure everybody can enjoy the experience of being on one of Australia's most recognisable landmarks.

Work is progressing well on the installation of the lifts at both ends of the Sydney Harbour Bridge. The steel lift structure is in place and the surrounding glass has started to be installed for both the northern and southern lifts.

What's happening next?

Over the next few months we will be:

- finishing installation of the glass for the lifts
- installing the electrical parts for the lifts
- fitting out the inside of the lifts
- building the platforms from the lifts to the pedestrian walkway
- removing and replacing utilities
- continuing work to resurface a small section on either side of the pedestrian walkway
- landscaping around the project area.

Southern lift shaft

Work hours

Our work hours will still be from **7am to 6pm** between **Mondays and Fridays**, and from **8am to 1pm** on **Saturdays**.

We will be required to work outside normal working hours at times. Our night work hours will be from **8pm to 5am**.

Noise

There will be some noise associated with this work. We will make every effort to minimise its impact by using less noisy work methods where possible and completing any noisier work before midnight on night shifts.
