

## **Night utility investigations on Manns Road between Stockyard Place and Narara Creek Road until Friday 13 April 2018**

**The NSW Government has provided \$2.3 million in 2017/18 to continue to plan for the future upgrade of Manns Road between Stockyard Place, West Gosford and Narara Creek Road, Narara.**

The full proposal includes widening the road to provide two lanes in each direction and installing a central median and traffic lights at some locations. The existing bridge over the creek near the intersection of Manns Road and Nells Road is also proposed to be replaced. If the proposal is funded it is likely to be delivered in a number of smaller stages, which are yet to be confirmed.

Roads and Maritime Services has been carrying out investigations along the two kilometre section to plan the proposed upgrade.

### **Upcoming work**

Underground utility location work along Manns Road, from Stockyard Place to Narara Creek Road, will occur between **Monday 12 March** and **Friday 13 April 2018**, weather permitting. Most of the work will occur during normal working hours, between **7am and 5pm**.

To minimise the impact on traffic flow, some of the investigation work needs to occur at night. This work will require two nights between **Monday 12 March** and **Friday 23 March**. Night working hours will be between **7pm and 5am**, weather permitting.

Specialist field staff will be in the area from Monday 5 March to plan for this work. Staff will carry identification at all times and take necessary safety precautions.

### **How will the work affect you?**

There will be some unavoidable noise associated with this work. We will make every effort to minimise the noise disruption, including avoiding prolonged activity at any one location. A map is included below to show the full work area.

### **Traffic changes**

The work may cause some minor delays for motorists due to changed traffic conditions. Partial lane closures and a reduced speed limit will be in place while work is carried out to ensure the safety of road users and workers. Road users are asked to follow the direction of traffic controllers, adhere to reduced speed limits and follow traffic signs.

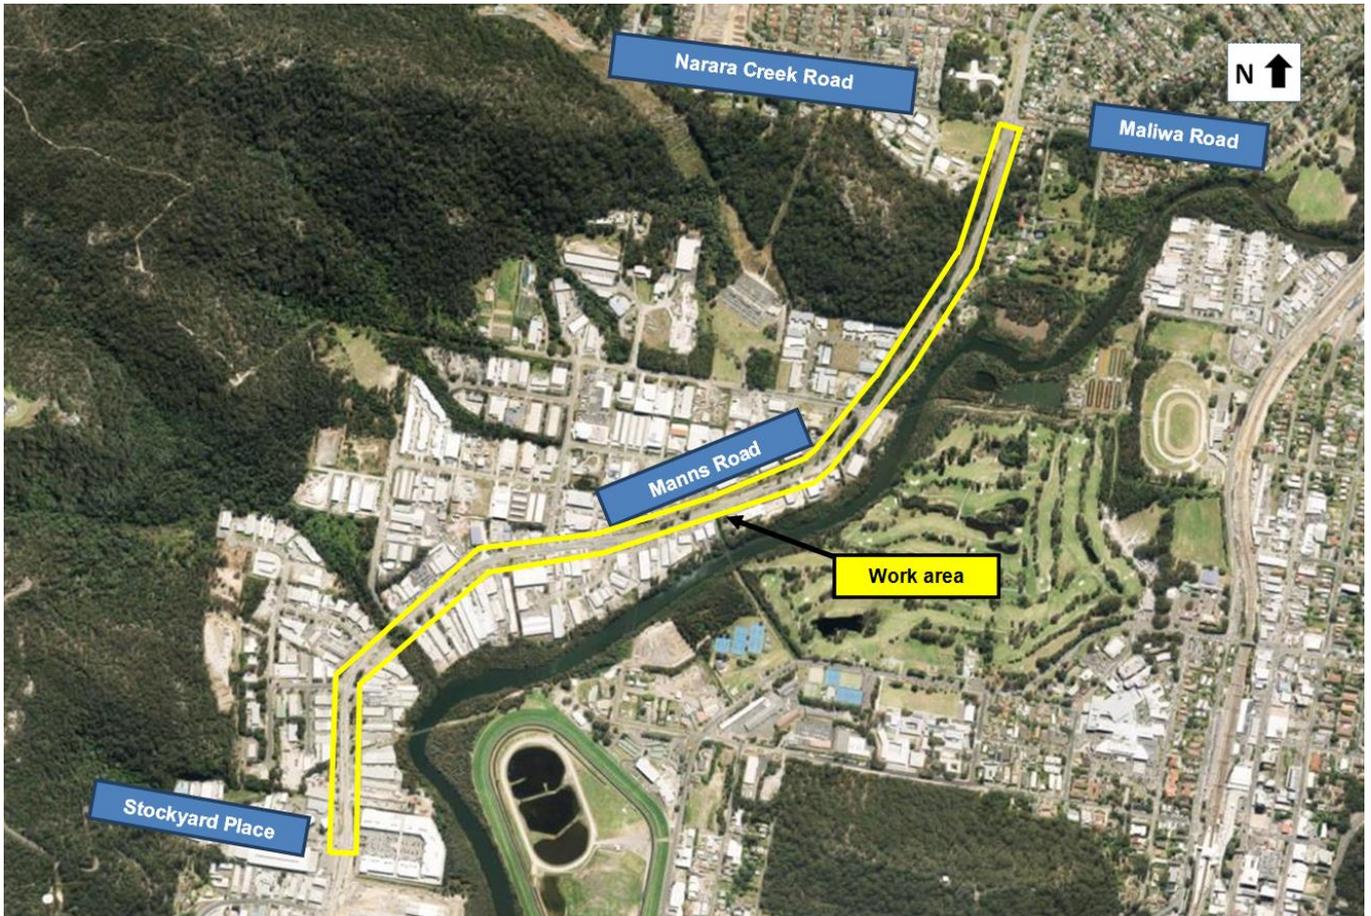

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
