

Mr Graham Standen
Senior Project Manager
Roads and Maritime Services
PO Box 973
Parramatta NSW 2124

Dear Mr Standen

**Windsor Bridge Replacement Project (SSI-4951) – Ancillary Facility Assessment
(condition C9)**

I refer to your correspondence dated 16 July 2018, and supplementary correspondence dated 1 and 8 August 2018 seeking the Secretary's approval of the Ancillary Facility Assessment, Revision 0 under condition C9 of the project approval.

I note that the Ancillary Facility Assessment is required to be prepared due to the proposed location of the ancillary site not meeting the criteria provided in condition C8. I also note that RMS has determined the stockpile site is consistent with the project approval. I have reviewed this document and I consider that it meets the requirements of condition C9. Accordingly, I approve the establishment of the ancillary site and stockpile site in this location.

I note that no activities will occur outside the standard construction hours provided in condition C13.

You are reminded to consult with the landowners of the two properties located near the ancillary site on Wilberforce Road prior to the commencement of any site establishment work.

If you have any queries regarding this matter, please contact [REDACTED] Team Leader - Roads on [REDACTED]

Yours sincerely

8-8-18

Stacy Warren

Director, Infrastructure Management
As delegate of the Secretary
