Mr Gurjit Singh
Project Manager
Roads and Maritime Services
PO Box 973
Parramatta NSW 2124

Our ref: SSI-4951 CoA B3

Dear Gurjit

Windsor Bridge Replacement Project (SSI-4951): Approval of the non-Aboriginal Investigation Program as part of the requirements of condition B3

I refer to document *Historical and Maritime Archaeological Research Design*, prepared by AAJV (dated 26 May 2016), submitted to fulfil part of condition B3 of Infrastructure Approval SSI-4951.

The Department has reviewed the document and is satisfied that the requirements of condition B3 have been met in relation to the Archaeological Investigation Program for non-Aboriginal heritage.

Therefore, in accordance with condition B3, I approve the *Historical and Maritime Archaeological Research Design*.

Please note that if the archaeological testing reveals an intact archaeological resource, the *Historical and Maritime Archaeological Research Design* must be amended to include a detailed methodology for archaeological salvage. If this occurs, any amended document shall be resubmitted to the Heritage Council for comment.

If you have any further queries or require clarification on this matter, please contact [Redacted], Planning Officer, Infrastructure Management on [Redacted] or by email [Redacted]

Yours sincerely

Karen Harragon
Director
Social and Other Infrastructure Assessments
As delegate of the Secretary
