20/10/2020

Dear Ms Rubenis

**Windsor Bridge (SSI 4951)  
Approval Out of Hours Works Application No. 42**

I refer to your submission received 16 October 2020 requesting approval of the Out of Hours Works Application No. 42 (OoHW application), under condition C14(d) of SSI 4951.

The Department has reviewed your request to work outside of the approved construction hours for a maximum of ten shifts between the 2 and 13 November 2020, to enable median construction, traffic light installation, and asphaltting and installation of the final wearing course located at the intersection of George Street and Bridge Street. A contingency period from 16 to 27 November 2020 has been included should you incur delays.

As nominee of the Planning Secretary, I approve the high-risk activities as defined in the approved Out of Hours Works Protocol and as detailed in the OoHW application.

Please ensure that you make the OoHW application and this approval publicly available on the project website.

If you have any questions, please contact Lee McCourt at [lee.mccourt@planning.nsw.gov.au](mailto:lee.mccourt@planning.nsw.gov.au).

Yours sincerely
