

# New clearways on Woodville Road, Granville to Villawood

The NSW Government is funding this project as part of its \$121 million Clearways Program, which aims to reduce congestion and delays on Sydney's roads.

In August 2019 the NSW Government informed the community, businesses and key stakeholders about introducing new weekend and extended weekday clearways on Woodville Road between Parramatta Road, Granville and the Hume Highway, Villawood.

**From 6am Monday 28 October 2019** the new and extended clearways will operate in both directions on Woodville Road from:

- **6am to 7pm on weekdays**
- **9am to 6pm on weekends and public holidays.**

Outside the clearway hours, existing parking restrictions will remain unchanged.

## New alternative business customer parking

The NSW Government will continue to work with Cumberland Council to implement three new 2P parking spaces on Rhodes Avenue during the new and extended clearway hours to cater for short term business customer parking, details are shown on the map.

### What happens next?

New clearway signs and posts will be installed between **Saturday 12 October and Sunday 27 October 2019**, weather permitting. Our working hours will be between 8pm and 5am from Monday to Sunday. Some work during day time hours may occur.

If you have any questions about the installation work, please contact our delivery partner, **Ventia Boral Amey Joint Venture (VBAJV)** on **1800 677 700**.

Location of clearways on Woodville Road

## How will the work affect you?

There will be some noise associated with this work but we will do everything we can to minimise the impact, including completing noisier tasks by midnight.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, you can contact 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Background

The NSW Government announced the Sydney Clearways Strategy as one of its key initiatives to reduce congestion on Sydney's major roads. \$121 million was committed to implementing the strategy and installing new clearways on Sydney's road network.

Since 2013, we have installed over 640 kilometres of new and extended clearways across some of Sydney's busiest road corridors. We are continuing to investigate where new and extended clearways would help ease congestion and provide more reliable travel times for road users across the network.

## What is a clearway?

A clearway is a section of road where stopping and parking is not allowed during the times shown on the clearway sign. Clearways are put on state roads where traffic is often heavy and congested. They help keep vehicles moving by making all lanes available to motorists.

The only exception is the stopping of buses and taxis dropping off or picking up passengers as well as emergency vehicles and postal vehicles accessing a public post box.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please contact the Transport Management Centre on 131 700.
