

Proposed clearways on Woodville Road, Granville to Villawood

The NSW Government is delivering efficient, easier and safer travel on Sydney's roads.

To support Sydney's growing population, the NSW Government is working towards delivering significant improvements to reduce Sydney's congestion.

We are proposing to introduce new weekend and extend existing weekday clearway hours on Woodville Road between Parramatta Road, Granville and the Hume Highway, Villawood.

The proposed new and extended clearways would operate in both directions on Woodville Road from:

- **6am to 7pm on weekdays**
- **9am to 6pm on weekends and public holidays**

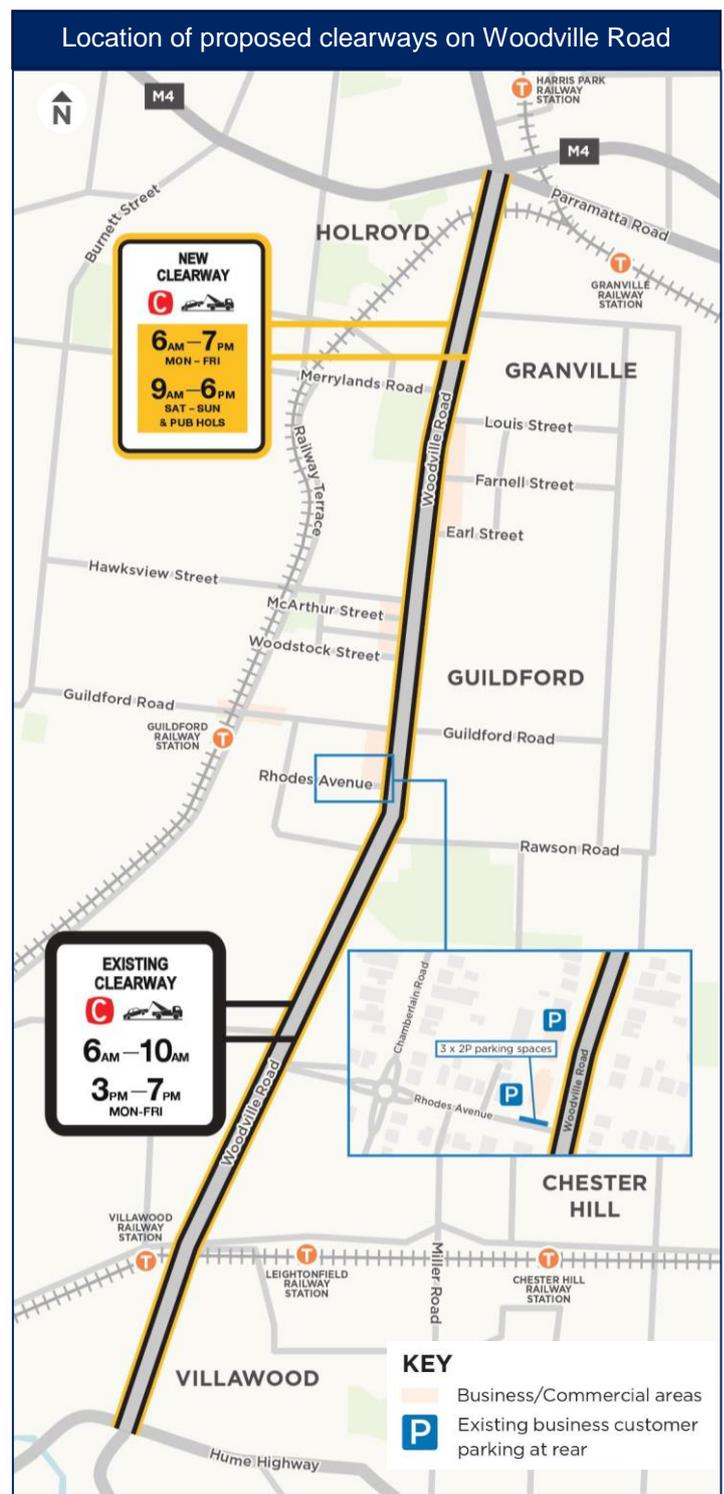

Outside the proposed clearway hours, existing parking restrictions remain unchanged.

This key corridor provides access from the Hume Highway to Parramatta Road, the M4 Motorway, and Parramatta CBD. It would **improve journey time reliability** for over **23,000** vehicles that travel on this corridor each day.

Alternative business parking arrangements

The NSW Government investigated parking along this corridor and found there are some parking spaces that would be removed from Woodville Road between Guildford Road and Rhodes Avenue, Guilford.

New timed business customer parking spaces are proposed to be provided on Rhodes Avenue, subject to Cumberland Council approval. Details of the alternative parking are shown on the map.

What happens next?

The proposed new and extended clearways are planned to be operational in October 2019.

If you have any questions or would like to find out more about this proposal, please contact us on **1300 706 232** or email the clearways project team clearways@rms.nsw.gov.au.

We will inform you again before we start work.

As a resident or visitor, what does this mean for me?

The new and extended clearways will change the ability to park or pick up and drop off family, friends and deliveries in front of properties along Woodville Road. If you currently live, shop or visit places on Woodville Road, you will need to reconsider where to park during the clearway hours.

If you do not have a driveway, garage or carport on your property, local streets are available for you to park during the clearway hours subject to any council restrictions. Outside the clearway hours, existing parking restrictions will remain in place.

As clearways continue to be rolled out across Sydney, you, your family and friends will experience more efficient, safer and more reliable journey times. This means less time in the car, and more time doing the things you enjoy.

What is a clearway?

A clearway is a section of road where stopping and parking is not allowed during the times shown on the clearway sign. Clearways are put on state roads where traffic is often heavy and congested. They help keep vehicles moving by making all lanes available to motorists.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please contact the Transport Management Centre on 131 700.

What are the key benefits of clearways?

Clearways:

- reduce congestion by making an additional lane available to traffic
- improve journey times, allowing drivers to get to their destination sooner and more reliably
- improve safety by removing parked vehicles from the kerbside lane
- have an immediate positive impact on traffic flow as it uses existing road space for the movement of vehicles
- improve the efficiency of intersections along the corridor, as all lanes are used.

Translating and Interpreting Service

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone Roads and Maritime Services on 1300 706 232.

Arabic
