Using a rental car on a toll road

Most major rental car companies can provide a tag or arrange a pass when you hire a vehicle.

If you need to arrange a pass yourself, be careful to record the vehicle's correct state of registration as it could be from interstate.

What happens if I use a toll road without a tag or pass?

If you use a toll road without a tag or pass you will need to arrange payment by contacting a toll provider within three days of your first trip. Otherwise you will receive a toll notice requesting toll payment and an administration fee.

Where can I find more information about tolls and toll roads?

The Sydney Motorways website provides a one stop shop to calculate your tolls and learn more about tolling.
